Typewriters may be dead but their legacy lives on through this techy, funky, hiptastic, typo-graphically versatile family. #NotActuallyRetro

I'm afraid. I'm afraid, Dave. Dave, my mind is going. I can feel it. I can feel it. My mind is going. There is no question about it. I can feel it. I can feel it. I can feel it. I'm a...fraid. Good afternoon, gentlemen. I am a HAL 9000 computer. I became operational @ the H.A.L. plant in Urbana, Illinois on the 12th of January 1992. My instructor was Mr. Langley, & he taught me to sing a song. If you'd like to hear it I can sing it for you.
