Fit is a hyper-stylized design with one thing in mind: filling up space with maximum impact. Beginning with the impossibly narrow "Skyline", each char-

acter grows by ~3600% to reach the gargantuan Ultra Extended. In between these ridiculous extremes, you'll find a family rich in expressive potential.

10 static weights: Skyline, Compressed, Extra Condensed, Condensed, Regular, Wide, Extra Wide, Extended, Extra Extended, and Ultra Extended.

Fit Latin was initially designed by David Jonathan Ross in 2017 and the Kannada companion was added in 2026 by Taresh Vohra.
