Precise Sans™ Beta 0.2

Precise Sans is the sleek digital font for your digital life. The family will consists of ten fine-tuned weights (& two Italics) ranging from Extra Thin to **Extra Black** to color precisely as many pixels as needed. The squarish shapes are clearly optimized for digital rendering but the design's uniquely human details add personality & warmth to the letters and your typesetting be it for an app, website, or print.

Don’t stop thinking about tomorrow. Don’t stop, it’ll soon be here. It’ll be here better than before. Yesterday’s gone, yesterday’s gone.

I know you have your doubts about me, about each other, about this ship. All I can say is that although we have only been together for a short time, I know that you are the finest crew in the fleet. And I would trust each of you with my life. So, I am asking you for a leap of faith – and to trust me.
—Captain Jean-Luc Picard
